Dear Sir/Madam,

Sub: Introduction Letter – Corrugated Boxes Manufacturers

Bhagwati Packaging was established in 2020 as a box making unit. Our unit is located in Gandhidham, Gujarat and is one of the few with a Semi-Automatic 3/5-ply DUAL flute (AB-BB flute) machine in India. Our focus is directed towards providing quality boxes and on time delivery consistently. We cater to any urgent orders without affecting the regular delivery schedule of our clients since we understand the fluctuating market demands that our customers face from time to time. We have well trained skilled labors and experienced Operator support staff to ensure smooth production at all times. Our employees are the key strength of the organization hence we are able to provide growth to our people, products, and the services through a commitment to innovation and team spirit.
